

## Add your organization's STEM Learning Opportunities

We rely on the exhibitors to deepen and sustain young people's STEM learning. **Science Near Me is a free directory of STEAM opportunities.** The North Bay Science Discovery Day & University of California Cooperative Extension manages the North Bay Science Discovery Day opportunities in partnership with [Science Near Me](#), a National Science Foundation-funded resource with the goal of helping anyone — anywhere in the U.S. — participate in engaging science, technology, engineering, art, and math that matters.

Explore. Experience. Engage.

### 1. Create an Account or Log in

Visit <https://www.northbayscience.org/morestem>, scroll to the bottom, and click **Sign Up** to create an account. Already have a Science Near Me account? Click **Log in** and enter your email address and password.

### 2. Add an Opportunity

Click the **Add an Opportunity** button and enter the information. You will have the option to add start and end dates, add recurring events, direct people to external links to learn more, add social media handles or hashtags, and more. Once you have completed all the fields, *submit* your opportunity for review.

### 3. We Review and Publish

Please note that once you create an opportunity, it is sent to us for review. *During this 24-to-48-hour window it will not be visible on the site.*
